EXPENDITURES FOR 1980

Balance as of 12/31/79	\$ 297.31
Refund (book club)	8.47
Appropriation	<u>1,500.00</u>
	\$1,805.78

Disbursements:

Librarian's salary	\$ 1,054.00
Library share of Social Security (includes \$31.29 for 1979 and \$1.00 Oasi)	96.99
Books	97.12
Insurance Rider	19.00
Heat	306.06
Supplies (inc. petty cash)	<u>63.82</u>
	\$1636.99

Balance for January 1, 1981	\$ 168.79
Fines and book sales	<u>26.00</u>
January 1, 1981	\$ 194.79

MINER MEMORIAL LIBRARY PROPOSED BUDGET FOR 1981

Librarian's Salary	\$1,742.00
Library share of Social Security	115.35
Unemployment Compensation	17.42
Books	600.00
Heat	450.00
Supplies (book covers, petty cash, etc.)	<u>92.65</u>
	\$3,000.00

The Librarian's salary is based on a 12 hour week, at the rate of \$3.35 per hour (minimum hourly wage is raised, as of January 1981).

The Social Security wage contribution will increase at the rate of 6.65% for both Librarian and the Library, as of January 1981.

The book appropriation is based on \$1.00 per capita.

The heat cost will increase since the Library will be open 4 extra hours each week.

As yet, we don't know what the unemployment tax will be.

Respectfully submitted,

Rachel Tirrell
Elizabeth Wirkkala
Agnes Hawthorne

LIBRARY REPORT

With the support of the townspeople, Miner Memorial Library had a very active year in 1980. Registration of new patrons has increased and circulation of 4.6 volumes per capita is nearly double the previous years' records.

The library has added several new programs to broaden the library's role in the community. In the spring of 1980, a Shut-In Program was established. The Shut-In Program provides book selection and distribution to the housebound. Another new service is Data-Line, a computer assisted research aid which is offered by the N. H. State Library through our library. Data-Line can save hours of research time locating information necessary in planning a technical or scientific project. Two other services offered are the community calendar and coupon exchange.

During the past year the book collection was classified and the process of cataloging has begun. The Friends of the Library purchased several items for this purpose and also donated fifty dollars for new books. The Friends have continued to be supportive and their generosity is appreciated.

Respectfully submitted,

Cheryl McGinnis

REPORT OF THE FIRE CHIEF

1980 was a very busy year for the Lempster Fire Department. Allocated funds allowed us to purchase turnout gear for all fire department members. These were important in providing proper protection for the volunteers at the several structure fires that we responded to. With an increase in fires the department felt that a set of minimum standards were necessary. These standards not only gave us guidelines to go by, but also helped us to maintain a high level of competency in firefighting. We managed to log 379 hours of training in all phases of firefighting and personal protection. With an increase in fires, we have had to strengthen ties with neighboring towns for added protection.

695 hours of work were put into raising money and upkeep on our building and equipment. These funds have allowed us to purchase badly needed non-budgeted items. Some of the items we have acquired are a portable radio, and radios for two of our trucks, which give us direct communication with our dispatcher and neighbor towns, 500' of 2 1/2" hose, (2) 500 watt floodlights, and backboards. The radios have finally given us direct contact with all area fire departments and the ambulances have also added our radio frequency to their radios. The backboards were purchased in affiliation with the F.A.S.T. squad. It might be good to mention that the fire department responds to all medical emergencies along with the F.A.S.T. squad. The reason for this is that the F.A.S.T. squad has no vehicle, but does have quite a bit of equipment, oxygen, resuscitators and assorted first aid items which can't be practically carried in a personal vehicle.

The new fire emergency number is 542-5155. This one number will get you fire, F.A.S.T. and/or ambulance. The police will also be notified if necessary.

The members of the department were overjoyed to find that their several hundreds of hours were not spent in vain when we were officially notified that we had passed the insurance service office requirements to become a rated fire department. We received notification in the first part of December that people who live within 3 miles of the fire station could expect to receive a reduction in their insurance premiums from that date on. It is possible for us to advance to a five mile coverage if we can acquire the needed equipment and planning.

Lempster was the first to provide a rated fire department in our area. I feel confident that with the Towns support we can continue striving towards lowering insurance rates and increase our coverage by passing the requirements for a five mile limit.

My thanks and admiration goes out to the officers and firefighters of Lempster for their hard work and dedication. My thanks also goes to the many townspeople who have supported us through the years.

Respectively submitted,

Chief Phil Tirrell

REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This State and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

NEWPORT AREA HOME HEALTH AGENCY

1980 has been a year of moderate growth, in most areas of service for the Agency. Skilled Nursing Visits have increased except in the area of maternal child care. The number of physical and occupational therapy visits has increased considerably. Hypertension (high blood pressure) screening, Well-Child, Women Infants and Children, and Dental Clinics have all been well attended.

The Newport Area Home Health Agency is funded by third party payers for those who have coverage, by the State of N.H. for Maternal Child Health Clients, by the United Way for services in the area of child abuse and neglect, by town appropriations and by private individuals who can afford to pay for services.

The Agency's philosophy is to provide needed home health care services to all citizens in the area regardless of their ability to pay. The Agency depends heavily on the towns to support those who are not able to pay, to do health promotion and education and to support clinics.

1981 finds the Agency with ten employees, mostly part time, ready and able to provide a wide range of home health care services to the seven towns it serves.

Services Provided to the Citizens of Lempster in 1980:

Nursing - 44 home visits; 17 office visits.

Physical Therapy - 9 visits.

Occupational Therapy - 0 visits.

Home Health Aides - 12 units of service.

Well Child Program: - 22 Clinic visits; 12 Clinics held

Women, Infants and Children Program:

(all towns) - 535 Clinic visits; 20 Clinics held

Blod Pressure/Diabetes Screening: - 10 Visits; 6 Clinics held

Dental Clinic: - 65 total children served (no breakdown by towns)

Approximate value of above services \$2,500.00

Appropriation in 1980: \$1,481.00

LEMPSTER PLANNING BOARD ANNUAL REPORT FOR 1980

In addition to regular meetings every Second Monday, the Planning Board held three special meetings, three work meetings, and one special work meeting. Minor Subdivisions (Two Lots only) were approved for: George Smith Estate, Dodge Hollow Road (one in January, one in September); Warren Heiser, Rte. 10, in January; Victor Flanders, Rte 10, in July; Dana Pollard, Charlestown Turnpike, in August; Mark Edson, Long Pond, in August. Ernest Johnson, Rte. 10, proposed a Minor Subdivision in October which was still being considered at the end of the year. In June a Minor subdivision was proposed for the George Smith Estate. When Test Pit results indicated the land was unsuitable for subdividing, the proposal was dropped. In January a Forty Lot Subdivision of the Pitman Farm and Barton Lot to Benway Hill Road was proposed. In July this proposal was dropped by the Subdivider without any action as yet having been taken by the Board. A Four Lot Subdivision was proposed for the Usko property on the Pitkin Road in March. Test Pit results were unfavorable, and the Board is awaiting a revision of the proposal.

In July the Board chose Mr. Gary Richardson from Concord as legal counsel. In June Jack Heath was chosen as alternate to the Board. Edward McCullough, Henry Frank, and Mark Adams were nominated to Upper Valley Lake Sunapee Council. The Selectmen then appointed Adams for Four years, Frank for two years, and McCullough as alternaate. In October Mr. Gilbert Bailey dug a Fire Pond for Scott Pools Subdivision, Allen Road, but in the wrong location. The Board requested a pond to be promptly dug on the proper site, which was done in early November. Applicable engineering "As-Built" plans were not completed at the end of the year, and the pond has yet to receive its final approval by the Board.

In November the Board adopted a Test Pit Policy: Subdividers would submit soils information for all proposed Subdivisions. From this information the Board would determine on a case by case basis what to require for Test Pits. The Board has been working on a written application form and a Subdivision checklist to be used for all Subdivisions. Abraham Hunter has about one-half completed a soils map for the town, which will be a most valuable background tool for future land use policies in the town.

It has been very encouraging to see the Planning Board really begin working together as a Board during the past year. Our regular meetings are every Second Monday of the Month at the Selectmen's Office, East Lempster, 7:30 p.m. All are welcome to attend.

Respectfully submitted
Ralph Keeler, III, Chairman

THE CONSERVATION COMMISSION REPORT

The Conservation Commission has sponsored various programs this year:

--An informative lecture on apple tree pruning was presented by fruit specialist, Bill Lord.

--A May bird walk was lead by David Johnson of Mass.

--Catherine Larsen from the Southwest N.H. Regional Planning Commission spoke to us on Master Plans and how to go about preparing them.

--Robert Crouter of the Forum on N.H. Future gave a talk on the need for town planning and showed slides on how Amherst, N.H. dealt with new growth while still retaining its town character.

--Environmental Initiation in the Legislature was the subject of a talk given by Pat Jackson of the Environmental Coalition.

The Commission is in a state of limbo at present due to the moving away and resignations of most of its members. We have two official and two unofficial members as of 1981, though we started as a seven-member committee. We are looking for more support from anyone who may be interested. Our future plans are to resume work on the nature trail at Duck Pond, and to organize programs and lectures of educational interest to the community in terms of improving, appreciating, and making good use of our natural resources.

We have \$84.96 in our treasury to date.

Respectfully submitted,
Liana Haubrich
Chairperson

REPORT OF THE HEALTH OFFICER

Since taking over the position of health officer in August 1980 there has been one public health problem; a leaking septic system. With the aid of federal and state sources this problem has been resolved and public health has been assured.

If anyone knows of a public health problem or a potential difficulty I would appreciate being notified as soon as possible to prevent widespread health hazards.

Respectfully submitted,
Doris A. Adler
Health Officer

REPORT OF THE BUILDING INSPECTOR

During 1980 - thirteen building permits were issued. These included 6 single family dwellings, 2 commercial buildings, the school addition and 4 accessory buildings. Taxable value on these structures when completed is estimated at \$175,000.

I would like to take this opportunity to remind all property owners that the building code of the Town of Lempster requires that a building permit/registration be obtained before any construction is started. The procedure is painless and inexpensive and will assure that future complications and possible penalties are avoided.

Please have available: the exact location of the site, the construction plans and the proposed starting date. The New Hampshire Energy Code adopted in 1979 sets minimum standards for all new home construction under 5000 square feet. I stand ready to assist you or your builder to assure compliance with these regulations.

Rudolf A. Adler
Building Inspector

Lempster Planning Board

STATUS OF NH/VT SOLID WASTE PROJECT

Phase II, which began in October 1979, is now complete. Representatives from all 26 participating municipalities, at the December 18, 1980 Planning Committee meeting voted unanimously to recommend continuation of the NH/VT Solid Waste Project. The United States Environmental Protection Agency has tentatively awarded the City of Claremont, acting as grantee, up to \$180,000 for Phase III. The grant is contingent upon continued participation by the municipalities after March 1981. Together, the municipalities must raise up to \$60,000 to match the federal funds. The actual grant award will depend on the number of municipalities participating in Phase III.

During 1980, the technical consultants, Camp Dresser & McKee, Boston, Massachusetts, completed a detailed analysis of the four potential steam markets in Claremont, NH. The potential for producing electricity was also carefully studied. Electricity production became an attractive alternative for two reasons. First, a new New Hampshire law requires all public utilities operating in the State to purchase power from small power producers at 7.7¢ per kw. Second, Camp Dresser & McKee determined that a waste-to-energy plant, burning all of the waste estimated to be generated in the project area, could produce slightly more steam than could be consistently utilized by the potential steam customers. Alternatively, all the electricity produced could be sold throughout the lifetime of the project.

Camp Dresser & McKee concluded, after an on-site evaluation, that all 12 existing land disposal sites would be classified as "open dumps" under new State and Federal regulations. The open dump classification is the result of existing or potential ground water or surface water pollution. Upgrading the sites to reduce water pollution will be more costly than construction of properly designed regional disposal sites - even if the cost of transporting waste to the regional sites is included. However, it will be difficult to locate environmentally sound and politically acceptable land disposal sites. And, inflation will continue to increase future land disposal costs.

The cost of a waste-to-energy facility was compared with the cost of regional land disposal facilities. The result indicates that continued inflation and energy cost increases could make a waste-to-energy facility competitive with land disposal within five years. Actual costs will depend on the willingness of the local industries or public utilities to enter into long-term energy purchase contracts. The negotiation of these contracts is the first priority during Phase III.

Recycling of solid waste was also evaluated during Phase II. Based on a report by Recycling & Conservation, Inc., Kittery, Maine, Planning Committee members have determined that recycling should be an important component of either a waste-to-energy system or land disposal system.

The Planning Committee spent many long hours working on an organizational structure which would allow 26 municipalities in two States to cooperatively build and operate either a regional land disposal system or a waste - to - energy facility with land disposal of ash.

New Hampshire law requires that a "regional refuse disposal planning committee" be established to draft the district agreement. Each town must vote to join the committee and must authorize the moderator to appoint three representatives. However, the State Planning Office is drafting ammendments to the law for consideration during this legislative session. Therefore, the article the municipalities are voting on has been left sufficiently open to allow for any changes (e.g., changing the number or method of appointing representatives) in the law.

It is expected that should the municipalities continue with the Project, the regional refuse disposal planning committee will have prepared a district agreement by October 1981 and will be asking the municipalities to vote to join the district at March 1982 town meetings. By March, 1982, the Project should also have a contractual commitment from an energy purchaser. If a contractual commitment cannot be negotiated, the Project will begin locating regional land disposal sites.

Copies of the reports prepared during Phase II are available through your Selectmen, and at the town libraries. In addition, all Planning Committee meetings are open to the public.

Respectfully submitted,

Ted Siegler, Project Manager
Rm 342 Moody Building
Claremont, N.H. 03743

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Goshen-Lempster:

I have been Superintendent of Schools for only three months, having assumed this position on October 1, 1980. For that reason, this first report is going to briefly review the role of the Office of the Superintendent of Schools in this School Administrative Unit which was formerly called the Supervisory Union.

School Administrative Unit #43 is comprised of five school districts, including Croydon, Goshen-Lempster Cooperative, Kearsarge Regional, Newport and Sunapee School Districts. The reason for combining several districts under a single school administrative unit is to consolidate the activities which would be difficult or impractical for a single district to undertake individually.

Some of the functions which our office performs include: budget preparation and control; centralized purchasing; building programs and maintenance; recruitment; supervision and evaluation of all staff members; coordination of all school programs including curriculum; transportation; school lunch; payroll; state and federal programs. The idea is to provide the best possible education to our children in the most cost-effective manner.

In this School Administration Unit we have 3,541 students, 415 staff members, both professional and non-professional; We operate eleven school lunch programs which feed 2,475 students daily; we transport 3,286 students each day on 37 buses travelling 2,207 miles. The budgets adopted for 1980-81 total \$8,039,055.18.

To oversee and manage this School Administrative Unit, our office includes one Superintendent of Schools, one Assistant Superintendent for Newport, Sunapee and Croydon, one Assistant Superintendent for Kearsarge Regional and Goshen-Lempster Cooperative. Our office also includes a Director of Handicapped Services (Teacher Consultant position), an Office Manager and three secretaries.

I want to thank everyone for their outstanding cooperation. It should be reassuring to know that we have outstanding people working in the educational field.

It is my hope that we can continue to provide quality education in a cost effective manner in all of the school districts in School Administrative Unit #43.

Respectfully submitted,

John H. Sokul
Superintendent of Schools

ASSISTANT SUPERINTENDENT'S REPORT

DEAR CITIZENS:

I have been the Assistant Superintendent for the Kearsarge Regional, Goshen-Lempster School Districts for the past six months. In that time I've observed classes, talked with students, faculty, parents and citizens; conducted meetings and studies; talked with various organizations and P.T.O.'s; negotiated with staff for contracts; responded to many parent and School Board concerns; bid equipment and materials; and spent endless time on budget preparation. From those experiences I have come to two major conclusions:

1. Nothing in the field of education is "cut and dried"! Perhaps that is why historically so many facets of past and present day educational philosophies and policies have been and are often debated.
2. Only through continued cooperation, dialogue, and concentrated effort among the schools, the parents, and the citizens of each community, can our schools remain effective, cost efficient, and educationally sound for the varied needs of our students.

Our children are doing well in school, as evidenced by our recent accountability and achievement exams, but there is always room for improvement and greater efforts. We must continue to provide the best possible environment that is economically feasible for our children. That means well rounded programs, including academic, social, physical and mental experiences, for all grades at all levels.

To succeed in today's society a young person needs various experiences -the real objective of a liberal arts education. These experiences must come from the leadership in the classroom, the teacher, and supported by the financial and attitudinal efforts of the public.

Please continue to offer your ideas, suggestions and comments as to the programs and opportunities of your children. Education in the Goshen-Lempster District must continue to be a community-school - citizen supported function.

The youth of the area must depend on us for our interest and commitment.

Paul J. Linehan
Assistant Superintendent of Schools

**REPORT OF HEAD TEACHER
(1980)
Goshen-Lempster Cooperative School**

The 1980 school year was both exciting and fast paced with many activities involving students, faculty, and community groups - groups such as the 4-H Club and the Parent-Teachers Club who gave their time unselfishly for the benefit of our children. Some of the past year's experiences were:

February- The sixth, seventh and eighth grade students traveled to Stevens High School to hear Presidential Candidates Baker, Bush, Kennedy and Reagan speak.

March- The PTC donated \$100.00 to the school library for reference materials.

Sixth students were transported to the Newport Immunization Clinic to be updated on state required immunizations.

April - The Eighth Grade Class held its final class-fund raising dance.

The Seventh Grade Class began its green-house project of raising tomato and pepper plants for a community sale.

May - The PTC bought playground equipment for each classroom (basketballs, soccer balls, baseballs and bats, and volley balls and nets).

Ralph West, a former Goshen-Lempster student and a Black Belt in Karate, gave a Karate demonstration for all members of the school.

June - Graduation exercises were held at the Goshen Town Hall; the Reverend John Barlow gave the Invocation and the Benediction, and School Board Member Doris Adler gave out diplomas. Mabelle Millwood was the Valedictorian, and Vicky Hodgman was the Salutatorian.

September- The most pronounced change upon return to school after the summer break was the new school addition. Everyone was overwhelmed and enthused by the expansion.

October- The Artist In the School program began with Artist Jane Burnham working with fourth and fifth grade students on a "Super Graphic" mural for the new school addition.

A child abuse and neglect workshop was held at the school for the faculty. The program was organized by School Nurse June Buck and conducted by Pediatrician Dr. Cooley.

The sixth, seventh and eighth grade students went on a science field trip to the Boston Museum of Science.

November- An evening open house was held for parent-teacher visitations. It was an opportunity for parents to become acquainted with the activities in which their children are involved. The Eighth Grade Class supplied refreshments.

December- An open house for public viewing of the new school construction was held on a Sunday afternoon. The 4-H Club sponsored the play **Hanzel and Gretel at Christmas** utilizing Goshen-Lempster students, a result of many hours of practice for the students and time and patience of the 4-H leaders.

September brought few changes other than the new construction. Mrs. Marcia Harrison, Special Education teacher, was granted a maternity leave, and the position was filled by Miss Patricia Dow of Sunapee. Mrs. Mary Reaso, fourth and fifth grade teacher aide, was succeeded by Mrs. Dale Hathaway of Lempster. And, Nurse June Buck has regulated her schedule so that she now spends every Friday morning at Goshen-Lempster.

Change continues to be the agent of progress for the Goshen-Lempster Cooperative School. This past Fall the faculty began taking a close look at the existing school curricula with the intention of improving and strengthening the continuity between classrooms. Reading and language arts were the first target for introspection.

Our graduates have been doing quite well. In June, for the first time, three graduates received advanced Algebra credit from Newport High toward graduation for math work done at Goshen-Lempster. These students entered sophomore Geometry in September. In addition, eleven of the fourteen students that entered Newport High School were on the honor roll for the first quarter, and two of those eleven received high honors (50% of Newport's freshman high honors). Twenty-six percent of Newport's freshman honor roll was composed of Goshen-Lempster graduates.

In closing and on behalf of the staff, I wish to extend my compliments to the Community, the School Board and the Administrative Staff for the magnificent accomplishment of the much needed school addition. The new rooms are now extensively in use, and the students are esthetic over their new activities room. The result - the school staff is able to function more efficiently, and the students have developed a new and greater sense of pride in their school. Isn't that what it's all about?

Respectfully submitted,

John Bonfiglio Head Teacher

REPORT OF SCHOOL DISTRICT TREASURER
for the
Fiscal Year July 1, 1979 to June 30, 1980

Auditors' Certificate

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Goshen-Lempster of which the above is a true summary for the fiscal year ending June 30, 1980, and find them correct in all respects.

Edward LeClair

August 8, 1980

**SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE**

NOTICE: POLLS OPEN FROM 4 - 9 P.M.

To the Inhabitants of the Goshen-Lempster School District, qualified to vote in District affairs:

You are hereby notified to meet at the Goshen-Lempster Cooperative School in Lempster on the 14th day of March 1981 at 4 o'clock p.m. to act upon Articles 1, 2, and 3, the meeting to be recessed and opened again at 7 o'clock p.m. to act upon the remaining Articles in the Warrant. (Articles 4 through 7.)

ARTICLE 1. To choose a Moderator for the ensuing year.

ARTICLE 2. To choose one Member of the School Board from Goshen for the ensuing five years.

ARTICLE 3. To choose an Auditor for the ensuing year.

ARTICLE 4. To hear reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

ARTICLE 5. To see if the District will vote to raise and appropriate the sum of \$419,760.00, as recommended by the School Board, for the support of schools, for the payment of salaries of School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of available income estimated at \$39,463.00.

ARTICLE 6. To see if the District will authorize the School Board to appropriate receipts from federal lunch reimbursements, tuition, gifts, and other receipts from miscellaneous sources, in addition to the original appropriation for 1981-82 for the school lunch program, general expenses, equipment, and improvements.

ARTICLE 7. To transact any other business that may legally come before this meeting.

Given under our hands at said Lempster this 24th day of February 1981.
